

Kindergarten Round-Up

March 2024

Dear Incoming Kindergarteners,

Welcome to the Class of 2037! That's right! You will graduate from high school that year, and we have the privilege of helping you get started on your journey. We want to do everything we can to make your educational experience enjoyable and rewarding.

To start off your education here at Dassel Elementary, we would like to invite you to Kindergarten Round-Up on Tuesday, April 16th. Please report to the front entrance during your designated arrival time! We will start our event from there.

Staggered Arrival Times:

3:45-4:05pm - Last names starting with A-H

4:05-4:25pm - Last names starting with J-M

4:25-4:45pm - Last names starting with N-Z

When you come to Round-Up, you will meet the kindergarten teachers and other special school people, get your picture taken at our photo op area, and check out a school bus. By the way, we want you to bring your parents along to Round-Up so they will know what you'll be doing next school year! We request that your younger brothers and/or sisters please stay home with someone else that day so we can give full attention to you and your parents.

We're looking forward to meeting you, and we are REALLY excited about having you come to school here next fall!

Sincerely,

RYAN WEINANDT, PRINCIPAL and the Dassel Elementary Kindergarten Team!

To your parents: Again this year, all registration/enrollment information will be filled out online. We are still asking that you complete the attached Immunization Document if you are unable to complete it online. Medical and conscientious objections will be honored only if notarized. Reminder that your child must have his/her immunization record complete before the first day of school!
