

FACE SHIELDS

Used as an alternative face covering in specific situations, acceptable face shields must meet the below parameters determined by MN Department of Health.

PRINCIPAL APPROVAL IS REQUIRED

- For students in grades K-8 when wearing a mask is problematic.
- For people who have a documented medical, developmental or behavioral condition that does not tolerate a mask.

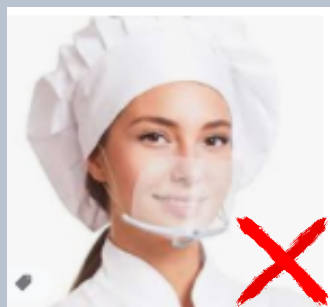

ACCEPTABLE FACE SHIELDS

Face shields must have no gaps across the forehead, extend lower than the chin and wrap about both sides of the face to the ears..

UNACCEPTABLE FACE SHIELDS

Face shields that:

- have gaps/do not seal across the forehead
- do not extend towards the ears or extend below the chin
- start on the bridge of the nose and extend down towards the chin
- start at the chin and extend vertically towards the nose/forehead

FACE SHIELDS ARE AVAILABLE FOR PURCHASE THROUGH YOUR BUILDING PRINCIPAL: \$2/EA
